TAKE IT OUT ON US

City of Edmond household hazardous waste pickup program

how does it work?

Get your hazardous household waste (HHW) and electronic waste (e-waste) together, call us for a bag, fill the bag, *take it out* to your front door and we will do the rest! It's safe, easy and convenient.

The City of Edmond continues to focus on ways to improve efficiency and offer you more convenience while keeping costs as low as possible.

Edmond's Solid Waste Services now offers a more convenient way to dispose of your household hazardous waste and e-waste (electronic waste such as TV's, VCR's, etc.). You will have one pick up per calendar year that is included with your regular monthly residential solid waste fees. You can still use the HHW drop off in Oklahoma City as well as additional doorstep pick-ups however fees do apply with both. We encourage you to gather all of your HHW items when you call for your initial pick-up to avoid additional costs.

IMPORTANT SAFETY REMINDERS

- Never mix materials, there may be an adverse chemical reaction.
- Keep material in original containers whenever possible.
- Always seal containers to prevent leakage.
- Label any items that are not already clearly labeled.

1) CALL 800-449-7587 TO REQUEST A COLLECTION

When you call the collection hotline, you will be asked several questions, including your address and the type and amount of materials available for collection.

2) SCHEDULE A COLLECTION DATE AND A KIT WILL BE SHIPPED

The collection hotline operator will fully explain the program, schedule a convenient collection date, and discuss where the kit should be safely placed outside for collection. Please tell the operator if you are a senior citizen, or a disabled resident and require assistance to gather your materials.

3) PREPARE FOR COLLECTION

The kit includes a program instruction sheet (with a hotline telephone number to call for questions) and other items to help pack and secure the household hazardous waste. All materials, such as gasoline, poisons, pesticides and aerosols, must be placed into the kit. If you have more waste than will fit in the kit, please call the hotline to discuss your options.

4) HHW MATERIAL IS COLLECTED

On the scheduled date the contractor's customer service representative will collect eligible materials directly from your home. They will sort and pack the materials for proper disposal. You will receive a postage-paid survey card to complete and mail to the City of Edmond to help track the program.

THE MOST COMMON HHW ITEMS

If you have any questions about proper disposal methods for items we can and cannot accept or hazardous materials in containers larger than five gallons in size, please call the hotline 800-449-7587.
