RE: Oklahoma Regional Haze State Implementation Plan

Dear Dr. Armendariz:

In a letter to Mr. Lawrence Starfield, Acting Regional Administrator, U.S. Environmental Protection Agency ("EPA"), dated April 8, 2009, Governor Brad Henry appointed me as his designee for the purpose of submitting documents to the EPA for approval and incorporation into the State Implementation Plan ("SIP") for the State of Oklahoma.

Accordingly, the State of Oklahoma submits for your review and approval under Section 110 of the federal Clean Air Act and 40 C.F.R. Part 51, the Oklahoma Regional Haze SIP and the associated evidence as required by 40 C.F.R. Part 51, Appendix V, 2.1. This SIP revision addresses the federal regulatory requirements applicable to Oklahoma in 40 C.F.R. Part 51, Subpart P, Protection of Visibility.

As required by 40 C.F.R. § 51.103(a), we have provided two hard copies under separate cover and made available an identical electronic copy on the DEQ website at:
