252:100-1-2. Statutory definitions

Board

Action: Delete from Subchapter 1.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: The term is not used in Chapter 100 to mean Environmental Quality Board.

Department

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: Subchapters 1, 4, 5, 8, 17, 41, 43 and 47 of 252:100 as part of the term "Department of Environmental Quality" or to mean the Department of Environmental Quality.

Executive Director

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: 252:100 Subchapters 1, 4, 8, 13, 17, 23, 25, 39, 41, 43, 45, and 47.

Council

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: 252:100 Subchapters 11, 23, 24, and 25.

Director

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: 252:100 Subchapters 1, 5, 7, 8, 13, 17, 25, 29, 31, 37, 39, and 41.

Person

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: Throughout Chapter 100.

Air pollution

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: Throughout Chapter 100.

Air contaminants

Action: Update reference and alphabetize.

Defined: Oklahoma Environmental Quality Code at 27A O.S. Sections 2-01-102 and 2-05-101(2002).

Used: Throughout Chapter 100

252:100-1-3. Definitions

Acrylic

Action: Delete from Subchapter 1. Leave definition in 252:100-37-2.

Defined: 252:100-1-3 and 252:100-37-2.

Used: The term is only used in 252:100-37-25(a)(4).

Actual emissions

Action: Delete the two definitions for "actual emissions" from Subchapter 1. Leave the definitions in Subchapters 5, 7, 8, and 11.

Defined: Defined in 252:100-1-3 for PSD sources only and again for Nonattainment sources only; Defined in 252:100-5-1.1 [for SC-5] and 252:100-7-1.1 [for SC-7]. Defined in 252:100-8-1.1 [for Parts 1 and 3]. The definitions in Subchapter 5, Subchapter 7, and Section 1.1 of Subchapter 8-1.1 are identical, but differ from those in Subchapter 1. Defined in 252:100-8-31 [PSD] and 252:100-8-51 [Nonattainment][same Subchapter 1.]. Defined in 252:100-11-2 [for SC-11]. The revision to SC-11 containing this definition was approved by the EQB in September 2002.

Used: Used in 252:100-1-3 in definitions of baseline concentration [PSD], construction [PSD and Nonattainment]; and net emissions increase [PSD] and net emissions increase [Nonattainment]. We are proposing to delete the definitions of "baseline concentration, construction," and "net increase" for PSD and Nonattainment from SC-1. Used in Subchapters 5, 7, 8, 24 and 11.

Air contaminant source

Action: None.

Defined: 252:100-1-3.

Used: 252:100-1-3 in definitions of existing source, new installation (source or equipment); Subchapters 5, 11, 25, 31, and 45.

Air pollution abatement operation

Action: None.

Defined: 252:100-1-3.

Used: 252:100-1-3 in definition of source operation; 252:100-31-16(a).

Air pollution episode

Action: None.

Defined: 252:100-1-3.

Used: Only defined, not used in Chapter 100.

Alkyd primer

Action: Delete from Subchapter 1 and leave the definition in Subchapter 37.

Defined: 252:100-1-3 and 252:100-37-2

Used: 252:100-37-25(a) (1)

Allowable emissions

Action: Delete from Subchapter 1 and leave the definitions in Subchapters 5 and 8.

Defined: 252:100-1-3 [for PSD and Nonattainment]; 252:100-5-1.1 [for SC-5]; 252:100-8-1.1 [for PSD and Nonattainment].

Used: Subchapters 1, 5, 8, and 17 and Appendices A, B, and C.

Ambient air standards

Action: Renaming the definition in Subchapter 1 to mean both "Ambient air standards" and "Ambient air quality standards".

Defined: 252:100-1-3

Used: The term "ambient air standards" is still used in 252:100-8-32(2) (A) and 252:100-8-37(b) (4). The term "ambient air quality standards" is used in Subchapters 3, 5, 7, 8, 9, 23, and 39 and in Appendices E and F.

Architectural coating

Action: Delete from Subchapter 1. The term is used only in 252:100-39-46(a) and the definition should be added to 252:100-39-46(b).

Defined: 252:100-1-3.

Used: 252:100-39-46(a).

Atmosphere

Action: None.

Defined: 252:100-1-3.

Used: Subchapters 1, 5, 11, 13, 15, 17, 24, 31, 37; 39; and 43.

Automatic tread end cementing

Action: Delete from Subchapter 1 and leave the definition in Subchapter 39.

Defined: 252:100-1-3 and 252:100-39-44(a).

Used: 252:100-39-44.

Baseline area

Action: Delete the definition from Subchapter 1 and leave it in 252:100-8-31.

Defined: 252:100-1-3 and 252:100-8-31.

Used: 252:100-1-3 and in 252:100-8-31 in definition of baseline concentration which is also being deleted from Subchapter 1.

Baseline concentration

Action: Delete the definition from Subchapter 1 and leave it in 252:100-8-31.

Defined: 252:100-1-3 and 252:100-8-31.

Used: Only defined, not used in Chapter 100.

Baseline date

Action: Delete the definition from Subchapter 1 and leave it in 252:100-8-31.

Defined: 252:100-1-3 and 252:100-8-31.

Used: 252:100-1-3 and 252:100-8-31 in the definitions of baseline area, baseline concentration, and net emissions increase, which are being deleted from Subchapter 1.

Basic oxygen furnace

Action: Delete the definition from Subchapter 1 and add it to 252:100-35-1.1.

Defined: 252:100-1-3.

Used: 252:100-35-1.1 in the definitions of existing source and new source.

Bead dipping

Action: Delete this definition from Subchapter 1 and leave it in 252:100-39-44.

Defined: 252:100-1-3 and 252:100-39-44.

Used: The term is used only in 252:100-39-44©) (3).

Begin actual construction

Action: Delete this definition from Subchapter 1 and leave it in 252:100-8-1.1.

Defined: 252:100-1-3 and 252:100-8-1.1 [for PSD and Nonattainment].

Used: Although the definition is limited for use with PSD and nonattainment area sources, it is used in 252:100-8-4(a) (1) for Title V construction permits and in 252:100-8-4(a) (2) (C) regarding MACT determination.

Best available control technology or BACT

Action: Revise for clarity.

Defined: 252:100-1-3 [for PSD and Nonattainment], 252:100-7-1.1; 252:100-8-1.1; 252:100-41-2.

Used: The term is used in Subchapters 7, 8 and 41.

Blast furnace

Action: Delete from Subchapter 1. This term is used only in definitions in Subchapter 35 and should be added to Subchapter 35.

Defined: 252:100-1-3.

Used: 252:100-35-1.1 in definitions of existing source and new source.

Building, structure, facility

Action: Delete from Subchapter 1. This term is not used in Chapter 100.

Defined: 252:100-1-3 [for Nonattainment].

Used: This term is not used in Chapter 100.

Building, structure, facility or installation

Action: Add a comma after facility and add the phrase "or persons under common control" for consistency and leave it in Subchapter 1. The term is defined for use with PSD sources and Nonattainment sources only, but it is used for other purposes in Chapter 100.

Defined: 252:100-1-3 [for PSD] and 252:100-8-1.1 [for PSD and Nonattainment].

Used: 252:100-1-3 in the definition of stationary source [for PSD and Nonattainment]; 252:100-8-1.1, 252:100-8-2, and 252:100-41-2 in definitions of stationary source.

Catalytic cracking unit

Action: None.

Defined: 252:100-1-3,

Used: 252:100-1-3 in definition of petroleum and natural gas processes; 252:100-25-5(a); and 252:100-35-1.1 in definitions of existing source and new source.

Chimney

Action: Delete, since used only in definitions..

Defined: 252:100-1-3.

Used: 252:100-1-3 in definitions of fugitive dust, fugitive emissions, and stack; 252:100-5-1.1 in definition of process fugitive emissions; 252:100-8-1.1 and 252:100-8-2 in definitions of fugitive emissions.

Combustible materials

Action: Leave the definition in both subchapters. Although the term "combustible materials" is used only in Subchapters 1 and 13, it is used in the definition of open burning, which is used in Subchapters 1, 7, and 13, and Appendices H and J.

Defined: 252:100-1-3 and 252:100-13-2 [same].

Used: 252:100-1-3 in definitions of open burning and products of combustion; 252:100-13-1; 252:100-13-2 in definition of domestic refuse, open burning, products of combustion; 252:100-13-5.

Commence [or commenced or commencement when used in connection with construction]

Action: Revise to define start of construction for all facilities or sources except those subject to PSD, Nonattainment NSR, NSPS and/or NESHAP unless otherwise specified.

Defined: 252:100-1-3 and 252:100-8-1.1 for PSD and Nonattainment [essentially the same]; 252:100-7-1.1 [not the same].

Used: 252:100-1-3 in definition of baseline concentration and in Subchapters 7, 8, 17, 19, 24, and 47.

Complete [in reference to permit applications]

Action: Make this definition applicable to all permit applications, not just PSD applications.

Defined: 252:100-1-3 and 252:100-8-31 for PSD [same].

Used: 252:100-1-3 in definition of baseline date; Subchapters 7, 8, and 17.

Component [re VOC leaks in pumps, seals, etc.]

Action: Delete from Subchapter 1. This term is intended to apply only to the components covered by 252:100-39-15 (pumps, seals, valves, etc. in VOC service) and will remain defined in 252:100-39-15.

Defined: 252:100-1-3 and 252:100-39-15 [same].

Used: The term is used many times in the Chapter, but not in reference to VOC leaks in pumps, seals, etc., which are the only citations listed here. 252:100-1-3 in the definition of refinery unit; 252:100-39-2 in definitions of refinery unit and leaking component; and 252:100-39-15 and Appendix J under Fugitive Emissions

Condensate [limited to 252:100-39, Part 5]

Action: Delete from Subchapter 1 and add to 252:100-37-2.

Defined: 252:100-1-3 [limited to SC-39, Part 5] and 252:100-39-30(a) [essentially the same, except standard conditions substituted for normal operating conditions].

Used: 252:100-1-3 in definitions of lease custody transfer and petroleum liquids [both limited to Part 5 of Subchapter 39]; 252:100-37-2 used in definition of lease custody transfer; 252:100-37-4(b); 252:100-39-17 in the definition of hotwell; 252:100-39-30(a) in definitions of lease custody transfer and petroleum liquid; 252:100-39-30(b)(2)(B); and Appendix I under Storage Tanks/Distribution.

Construction

Action: Delete paragraph (A) of this definition which applies only to Parts 7 and 9 of Subchapter 8 and is defined in 252:100-8-1.1.

Defined: 252:100-1-3, 252:100-8-1.1 [for PSD and Nonattainment same as (A) in Subchapter 1].

Used: Through Chapter 100.

Crude oil

Action: Leave the definition in Subchapter 1 and delete it from 252:100-39-30(a).

Defined: 252:100-1-3 and 252:100-39-30(a) for use in 252:100-39, Part 5 [same].

Used: in Subchapters 1, 37, and 39, and Appendix H under Storage; and Appendix I under Storage Tanks/Distribution

Custom product finishes

Action: Delete from Subchapter 1 and leave in 252:100-37-2. Change "custom products finishes" in 252:100-37-25(a)(7) to "custom product finish" to match the term defined in 252:100-37-2.

Defined: 252:100-1-3 and 252:100-37-2 as custom product finish.

Used: custom product finishes is not used in the Chapter; however, custom products finishes appears in 252:100-37-25(a)(7).

Cutback asphalt

Action: Delete from Subchapter 1 and leave in 252:100-39-40(a).

Defined: 252:100-1-3 and 252:100-39-40(a) [same].

Used: in 252:100-39-40(b) as "cutback liquefied asphalt".

Division

Action: None.

Defined: 252:100-1-3.

Used: Used throughout Chapter 100.

Dust

Action: None.

Defined: 252:100-1-3.

Used Appendix J under Fugitive Emissions and Miscellaneous.

Effluent water separator

Action: Delete from Subchapter 1 and leave in 252:100-37-2 and 252:100-39-18(a).

Defined: 252:100-1-3, 252:100-37-2 and 252:100-39-18(a) [same as in Subchapter 37)].

Used: 252:100-37-37; and 252:100-39-18(b).

Emissions unit

Action: Delete from Subchapter 1. This term as defined in Subchapter 1 applies only to PSD and Nonattainment sources covered by Parts 7 and 9 of Subchapter 8. Leave the definition in 252:100-8-1.1 and in 252:100-8-2.

Defined: 252:100-1-3 [for PSD and Nonattainment]; 252:100-8-1.1 [for PSD and Nonattainment] [same as Subchapter 1]; 252:100-8-2 [for Part 70 sources][different from Subchapter 1 and 252:100-8-1.1].

Used: 252:100-8-1.1 in definitions of begin actual construction [for PSD and Nonattainment] and

construction [for PSD and Nonattainment]; 252:100-8-2 in definitions of applicable requirements [for Part 70], insignificant activities [Part 70], Trivial activities [Part 70]; also used in 252:100-8-5, 252:100-8-31, 252:100-8-34- 252:100-8-51, and Appendix I under Coatings. Emission unit is used in 252:100-39-45(a)(B).

Epoxy

Action: Delete from Subchapter 1 and leave in 252:100-37-2.

Defined: 252:100-1-3 and 252:100-37-2.

Used: 252:100-37-25(a)(5) [as epoxies].

Equivalent opacity

Action: Delete from Subchapter 1. This term is no longer used in Chapter 100. It has been replaced by the term opacity, which is defined in Subchapter 1.

Defined: 252:100-1-3.

Used: 252:100-1-3 in definition of opacity which is being revised to eliminate use of the term equivalent opacity. The term is used nowhere else in Chapter 100.

Excess air

Action: Delete from Subchapter 1 and define in Subchapter 17 since it is used only in Subchapter 17.

Defined: 252:100-1-3.

Used: 252:100-17-21(a) in "modular excess air" MWC.

Excess emissions

Action: Revise to match the definition in Subchapter 9.

Defined: 252:100-1-3 and 252:100-9-2.

Used: Subchapters 5, 8, 9, 31, 37, and 39.

Existing source

Action: Revise to indicate that effective dates may vary within a Subchapter.

Defined: 252:100-1-3; 252:100-31-2 [for SC-31 only]; 252:100-35-1.1 [for SC 35 only].

Used: 252:100-1-3 in definitions of in being, new installation [source or equipment], and reconstruction; Used in Subchapters 5, 8, 24, 31, 35, 37, 39, and 41.

External floating roof

Action: Delete from Subchapter 1. leave the definition in Subchapter 39 and add it to 252:100-37-2. This term is used only in Subchapters 37 and 39.

Defined: 252:100-1-3 and 252:100-39-30 [same as in Subchapter 1].

Used: Sections 15 and 37 of Subchapter 37 and Sections 30 and 41 of Subchapter 39.

Flexographic printing

Action: Delete from Subchapter 1. The term is used only in Subchapter 39 and will remain defined in 252:100-39-43.

Defined: 252:100-1-3 and 252:100-39-43 [same].

Used: 252:100-39-43(b); and 252:100-39-43(c) (2) (C).

Fly ash

Action: Delete from Subchapter 1. This term is used only in 252:100-17-4 and the definition should be moved to Subchapter 17.

Defined: 252:100-1-3.

Used: 252:100-17-4.

Foundry cupola

Action: Delete from Subchapter 1 and add definition of "gray iron cupola" to Subchapter 35.

Defined: 252:100-1-3.

Used: The term foundry cupola does not appear in Chapter 100. It has apparently been replaced by gray iron cupola, which is used in 252:100-35-1.1 in the definitions of existing source and new source. Gray iron cupola is not defined in Subchapter 35.

Fuel-burning equipment

Action: None.

Defined: 252:100-1-3.

Used: 252:100-1-3 used in definitions of mechanical fuel-burning equipment, process equipment, and stationary engine; used in Subchapters 31 and 33.

Fugitive dust

Action: None.

Defined: 252:100-1-3.

Used: Subchapters 7, 19, 23, 24, 29 and Appendix J under Fugitive Emissions.

Fugitive emissions

Action: Add, "unless specifically defined otherwise" and remove language limiting the definition to PSD and Nonattainment sources. This term is used in Subchapter 19 and Appendices H and J but was not defined for these uses. Leave the definitions in 252:100-8-1.1 and 252:100-8-2.

Defined: 252:100-1-3 [for PSD and Nonattainment]; 252:100-8-1.1 [for PSD and Nonattainment. Same as in Subchapter 1]; and 252:100-8-2 [for Part 70 Sources adds, "of regulated air pollutants" after "emission", otherwise same as Subchapter 1 and 252:100-8-1.1].

Used: 252:100-8-2 in definitions of emissions unit and major source; 252:100-8-5(e) (3) (A); 252:100-8-33(a) (2); 252:100-8-52(a) (1); 252:100-19-1.1 in definition of particulate matter facility; Appendix H under Fugitives;

Appendix J under Fugitive Emissions and under Miscellaneous.

Fume

Action: None.

Defined: 252:100-1-3.

Used: The term is used in Subchapters 23, 24, and 25 and in Appendix J.

Garbage

Action: Leave definition in Subchapter 1.

Defined: 252:100-1-3

Used: 252:100-1-3, in definitions of multiple-chamber incinerator and refuse; 252:100-13-2 in the definition of refuse and domestic refuse.

Gas service

Action: Delete from Subchapter 1 since defined in Subchapter 39 and used only in Subchapter 39.

Defined: 252:100-1-3 and 252:100-39-15

Used: 252:100-39-15

Green tire spraying

Action: Delete from Subchapter 1 since defined in Subchapter 39 and used only in Subchapter 39

Defined: 252:100-1-3 and 252:100-39-4

Used: 252:100-39-44

Green tires

Action: Delete from Subchapter 1 since defined in Subchapter 39 and used only in Subchapter 39.

Defined: 252:100-1-3 and 252:100-39-44

Used: In definition of green tire spraying and water based sprays in both Subchapter 1 and Subchapter 39.

Hazardous air contaminant

Action: Delete from Subchapter 1 since defined in Subchapter 41 and used only in Subchapter 41.

Defined: 252:100-1-3 and 252:100-41-2

Used: 252:100-41-15

In being

Action: Clarify and leave in Subchapter 1 since used in several Subchapters and definitions.

Defined: 252:100-1-3

Used: Throughout the Chapter.

Incinerator

Action: Leave in Subchapter 1 since used throughout the Chapter.

Defined: 252:100-1-3

Used: In definitions major stationary source and major source and throughout the Chapter.

Innovative control technology

Action: Delete from Subchapter 1 since defined in Subchapter 8 and used only in Subchapter 8.

Defined: 252:100-1-3 and 252:100-8-31

Used: 252:100-8-37

Installation

Action: Leave in Subchapter 1 since used throughout the Chapter.

Defined: 252:100-1-3

Used: In definitions of Begin actual construction, Building, structure, facility or installation, Construction, In being, New installation (source or equipment) and Stationary source, and throughout the Chapter.

Lease custody transfer

Action: Delete from Subchapter 1 since defined in Subchapter 37 and 39 and used only in Subchapter 37 and 39.

Defined: 252:100-1-3, 252:100-37-2 and 252:100-39-30

Used: 252:100-37-4 and 252:100-39-30

Liquid-mounted seal

Action: Delete from Subchapter 1 since defined in Subchapter 39.

Defined: 252:100-1-3 and 252:100-39-30

Used: Not used in this Chapter.

Liquid service

Action: Delete from Subchapter 1 since defined in Subchapter 39 and used only in Subchapter 39.

Defined: 252:100-1-3 and 252:100-39-15

Used: 252:100-39-15

Lowest achievable emissions rate

Action: Delete from Subchapter 1 since defined in Subchapter 8.

Defined: 252:100-1-3 and 252:100-8-51

Used: 252:100-8-54

Maintenance finishes

Action: Delete from Subchapter 1 since defined in Subchapter 37 and used only in Subchapter 37.

Defined: 252:100-1-3 and 252:100-37-2 (as maintenance finish)

Used: 252:100-37-25

Major modification (both definitions)

Action: Delete from Subchapter 1 since it is defined in Subchapter 8 Part 7 (PSD) and Part 9 (non-attainment). Even though it is used in the above mentioned definitions in Subchapter 1, they are also being deleted from Subchapter 1 because they are defined in Subchapter 8.

Defined: 252:100-1-3, 252:100-8-1.1, 252:100-8-31 and 252:100-8-51

Used: In definitions of Baseline area, Baseline date, Commence, 252:100-8-30, 252:100-8-31, 252:100-8-32, 252:100-8-34, 252:100-8-35, 252:100-8-50, and 252:100-8-52.

Major source (major emitting facility)

Action: Delete from Subchapter 1 since not used in the Chapter.

Defined: 252:100-1-3

Used: Not used in this Chapter.

Major sources

Action: Leave in Subchapter 1.

Defined: 252:100-1-3 and 252:100-8-2

Used: In the definitions of Baseline area, Baseline concentration, Baseline date, Best available control technology, Lowest achievable emissions rate, Major modification, Major stationary source, Secondary emissions, Significant and throughout the Chapter.

Major stationary source (both definitions)

Action: Delete from Subchapter 1 since defined in Subchapter 8, Parts 5 and 7. The use of the term in Subchapter 7 in all cases are referencing Subchapter 8.
