

SUBCHAPTER 8. PERMITS FOR PART 70 SOURCES

PART 1. GENERAL PROVISIONS

252:100-8-1.6 Compliance and enforcement

(a) Compliance certifications In addition to any specified compliance methods, the owner or operator may use the monitoring required under 252:100-8-6(a)(3) and incorporated into a federally enforceable operating permit for purposes of compliance certification.

(b) Enforceability Any credible evidence may be used for the purpose of establishing whether a person has violated or is in violation of the State of Oklahoma implementation plan.

(1) Methods that provide information that is considered to be presumptive credible evidence of whether a violation has occurred at the source are:

(A) a monitoring method approved for the source pursuant to 252:100-8-6(a)(3) and incorporated in a federally enforceable operating permit;

(B) compliance methods specified in the applicable plan.

(2) Testing, monitoring, or information gathering methods that are presumptively credible are:

(A) any federally-enforceable monitoring or testing methods, including those in 40 CFR parts 51, 60, 61 and 75;

(B) other testing, monitoring or information-gathering methods that produce information comparable to that produced by any method in (b)(1) or (b)(2) (A) of this Section.
