

Mike Stickney  
Oklahoma Department of Environmental Quality

Subject: Planar E-Waste Compliance Plan

Dear Mr. Stickney,

Greetings:

Planar has an ewaste program that consists of an online mail-back program in which display consumers can log onto a website (located at <http://www.planar.com/company/green/us/eWasteCEDprogram>) and request an e-waste Return Material Authorization (RMA).

The consumer can then box the unit and take to a convenient location for drop off.

Planar Systems will pick up the cost for delivery and will responsibly recycle the material through our approved recycling vendors.

Thank you very much, and please let me know if you have any questions.

Sincerely,

Jennifer Davis  
Director, Strategic Programs
