

# **Become An Oklahoma Clean Community**

**Would you like a cleaner, greener and healthier place to live, work, and play?**

**If your answer is Yes, then check this out!**

**The Department of Environmental Quality has a program encouraging entities to coordinate a community-wide cleanup of old, unused, and abandoned tires! Tire piles can cause a host of unwelcome pests, such as mosquitoes and rodents. Let's work together to get those cleaned up!**

**Once cleanup is complete, you will have the opportunity to be recognized as an Oklahoma Clean Community by the Department of Environmental Quality.**

**For more information on how to get started, please contact
