6. PERMANENT RULEMAKING – OAC 252:4 – “RULES OF PRACTICE AND PROCEDURE.”

The Department is proposing to correct unintended consequences from the amendments made during last year's rulemaking effort to include reclaimed water permits in the Tier classifications. By replacing "wastewater" with "reclaimed water," the Department inadvertently caused the land application of "biosolids" and "industrial wastewater" to be omitted from the Tier classifications. The proposed language will correct that oversight.
