Public Notice of Request to Modify the City of Ponca City Industrial Pretreatment Program

The EPA previously approved an Industrial Pretreatment Program that was required by the General Pretreatment Regulations (40 CFR Part 403) for the City of Ponca City. Requirements to implement the Approved Pretreatment Program have been incorporated into the Oklahoma Pollutant Discharge Elimination System (OPDES) Permit Number issued as follows:

OK0026069 City of Ponca City
(State ID. No. S-21202)
P.O. Box 1450
Ponca City, Oklahoma 74602-1450

The applicant has submitted a request for approval to modify its Approved Pretreatment Program as follows:

A complete revised program is proposed that once adopted includes revised technically based local limits, and an updated sewer use ordinance, all in accordance with 40 CFR Part 403.

A determination by the Oklahoma Department of Environmental Quality (DEQ) to approve the request to modify the Approved Pretreatment Program will result in the DEQ modifying the applicant's OPDES Permit, as appropriate, to ensure compliance with the changes.

Copies of the Program Modification Request are available for inspection at the following locations:

Oklahoma Department of Environmental Quality
Central Office
707 North Robinson, P.O. Box 1677
Oklahoma City, Oklahoma 73101-1677

Public comments on the proposed program should be submitted, in writing, within thirty (30) days, either in person or by mail, to the above DEQ address. All written comments will be considered in the decision to approve the program modification. If no substantive comments to this notice are received, the proposed Pretreatment Program will be approved as set forth herein and shall be incorporated into the City of Ponca City's OPDES permit without changes and without further public notice.

In such event, this notice shall constitute the notice of approval required by 403.11(e) and notice of incorporation into the OPDES permit in accordance with 40 CFR 122.63(g). No additional notice shall be provided. Anyone who wishes to be notified of the approval of the Pretreatment Program should send a request for such notice to Roshini Nambiar at the DEQ address above. A copy of the final permit decision will be transmitted to the permittee following the termination of the Public Notice.
