

**SUBCHAPTER 47. CONTROL OF EMISSIONS FROM EXISTING  
MUNICIPAL SOLID WASTE LANDFILLS**

**252:100-47-3. Definitions**

(a) The definitions in 40 CFR 60.751 are hereby incorporated by reference as they exist on July 1, ~~1999~~-2000.

(b) The following words and terms when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

(1) **"Existing municipal solid waste landfill or existing MSW landfill"** means a municipal solid waste landfill that commenced construction, modification, or reconstruction before May 30, 1991 and accepted waste after November 8, 1987.

(2) **"State Plan"** means a program that the State is responsible for developing and implementing to achieve compliance with the emission guidelines in Subpart Cc of 40 CFR Part 60.

**252:100-47-7. Emission standards**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.752, which is hereby incorporated by reference as it exists on July 1, ~~1999~~-2000.

**252:100-47-8. Operational standards for collection and control systems**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.753, which is hereby incorporated by reference as it exists on July 1, ~~1999~~-2000.

**252:100-47-9. Test methods and procedures**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.754, which is hereby incorporated by reference as it exists on July 1, ~~1999~~-2000.

**252:100-47-10. Compliance provisions**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.755, which is hereby incorporated by reference as it exists on July 1, ~~1999~~-2000.

**252:100-47-11. Monitoring of operations**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.756, which is hereby incorporated by reference as it exists on July 1, ~~1999~~-2000.

**252:100-47-12. Reporting requirements**

(a) The owner or operator of an existing MSW landfill shall submit an initial design capacity report to the DEQ within 90 days of the effective date of the State Plan.

(b) The owner or operator of an existing MSW landfill having a design capacity equal to or greater than 2.5 million cubic meters and 2.5 million megagrams, shall submit an initial NMOC emission rate report to the DEQ within 90 days of the effective date of the State Plan. Subsequent NMOC emission rate reports shall be

submitted annually thereafter, except as provided for in 40 CFR 60.757(b)(1)(ii) and (b)(3).

(c) The owner or operator of an existing MSW shall comply with the provisions specified in 40 CFR 60.757, except 60.757(a)(1) and (b)(1)(i), which is hereby incorporated by referenced as it appears on July 1, ~~1999~~2000.

**252:100-47-13. Recordkeeping requirements**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.758, which is hereby incorporated by reference as it exists on July 1, ~~1999~~2000.

**252:100-47-14. Specifications for active collection systems**

An owner or operator of an existing MSW landfill shall comply with all provisions specified in 40 CFR 60.759, which is hereby incorporated by reference as it exists on July 1, ~~1999~~2000.
