LANDOWNER'S CONSENT FOR THE APPLICATION OF SEPTAGE

I, the undersigned, am the record owner of the above-described land and understand that by signing this acknowledgement, I signify to the DEQ my consent for this application of septage onto my land by:

Septage Company
CROP AND ACCESS RESTRICTION AGREEMENT

I further state to the DEQ that I am capable of complying, and intend to comply, with the following as required pursuant to OAC 252:645-1-8:

1. Food crops with harvested parts that touch the septage/soil mixture and are totally above the land surface shall not be harvested for fourteen (14) months after the application of septage. Food crops with harvested parts below the surface of the land shall not be harvested for thirty-eight (38) months after the application of septage. Other food crops shall not be harvested for thirty (30) days after the application of septage.
2. Sites shall not have received publicly-owned wastewater treatment works sludge within the past year; and
3. Sites shall be limited to non-public contact sites such as agricultural land, forestland or land reclamation areas.
4. Septage shall not be applied to the surface of land where the known high groundwater table is within five (5) feet of the surface; and
5. A grass strip of at least ten (10) feet wide will be developed and maintained at the property line down-slope from the land application area.
