

Oklahoma Durable Medical Equipment Reuse Program

Who Can Benefit?

Any Oklahoma resident who is in need of DME, regardless of income. Priority will be given to SoonerCare members, but any resident is eligible to receive DME with a completed application.

Any Oklahoma resident who wishes to donate gently used equipment to the program to help another Oklahoman in need.

What DME is Offered?

- Bath benches
- Blood pressure monitors
- Commodes
- CPAPs
- Gait trainers
- Hospital beds
- Knee walkers
- Nebulizers
- Patient lifts
- Quad canes
- Scooters
- Shower chairs
- Standers
- Walkers
- Wheelchairs

Looking for Durable Medical Equipment? Have Equipment You Want to Donate?

Oklahoma ABLE Tech partners with the Oklahoma Health Care Authority to provide the Oklahoma Durable Medical Equipment Reuse Program (OKDMERP). The program is designed to reuse durable medical equipment that is no longer needed and reassign it to Oklahoma residents who are in need at no cost.

OKDMERP retrieves donated equipment; sanitizes and refurbishes devices returning them to peak performance; works with DME vendors to repair equipment if needed to ensure quality; and reassigns DME to the best matched eligible client.

Individuals may drop off or pickup equipment at the OKDMERP office located in Oklahoma City. Pickup and delivery services are free, but limited to central Oklahoma residents.

Gaining Independence

Tornado survivor receives a wheelchair providing increased access to the community

Child receives a gait trainer to help increase mobility

Retiree receives a quad cane to help gain access to activities in the community

Individual receives a stander to use during therapy to help strengthen their legs

Professional receives a scooter so they can continue working
