### **DEQ Schedules Public Meeting on Drinking Water State Revolving Fund 2016 Intended Use Plan**

The Water Quality Division within the Oklahoma Department of Environmental Quality (DEQ) will hold a public meeting at 1:30 p.m., Monday, June 1, 2015, at the agency's Oklahoma City office, located at 707 N. Robinson. At this event, which will be held on the 2<sup>nd</sup> floor in the training room, DEQ staff will answer questions and receive input on the state Fiscal Year 2016 Intended Use Plan (IUP), the Priority Ranking System, and the Project Priority List for the Drinking Water State Revolving Fund. The IUP outlines uses for federal funds allocated to Oklahoma and lists the projects as ranked for funding by the Priority Ranking System.

The Drinking Water State Revolving Fund was made possible by passage of the Safe Drinking Water Act Amendments of 1996. The act authorized funds to be used by states to establish a revolving loan fund to address drinking water infrastructure needs and correct other water system deficiencies that might result in violations of drinking water standards. Federal law requires the public be given the opportunity to comment on the proposed plan.

A copy of the draft plan will be available on the DEQ website at: [www.deq.state.ok.us/WQDnew/dwsrf/](http://www.deq.state.ok.us/WQDnew/dwsrf/). A copy may also be obtained by contacting Vicki Reed at (405) 702-8100, via email at [Vicki.Reed@deq.ok.gov](mailto:Vicki.Reed@deq.ok.gov), or by mail at Water Quality Division, DWSRF Section, Department of Environmental Quality, P.O. Box 1677, Oklahoma City, OK 73101-1677. A copy of the draft plan may be reviewed on the eighth floor of the DEQ offices, at 707 N. Robinson, Oklahoma City, Oklahoma. The comment period will remain open until July 1, 2015. For more information on this public meeting, call Vicki Reed at (405) 702-8100.
