DEQ Offering Free Testing for Those Impacted by Storms

The Oklahoma Department of Environmental Quality (DEQ) is offering free bacterial testing of private well water for those affected by the recent storms. The free testing will be available until June 15, 2015.

If you would like to test your well, call 1-800-522-0206 for more information on eligibility for free testing as well as sampling instructions and supplies.

If your property was affected by the recent disasters, DEQ recommends that you disinfect your well. Instructions on disinfection are available at <http://www.deq.state.ok.us/tornado/dsinfectwtr.pdf>

Additional information is available at <http://www.deq.state.ok.us/tornado/index.html>
