Comments

- One comment was received from Arrowhead Trails HOA
 - **COMMENT:** The commenters expressed concerns regarding the sources (both natural and manmade) and risks associated with greenhouse gases (GHGs) in the environment, as well as the difficulties of their regulation and further complexities of carbon sequestration.
 - **RESPONSE:** The Department recognizes commenters concerns. However, DEQ staff notes that the comments did not object to or suggest any specific changes to the proposed rule language. Therefore, DEQ staff recommends no revisions to the proposal based on these comments.

Staff requests AQAC to recommend the proposed revisions to Subchapter 2 and Appendix Q to the EQB for permanent adoption.
