(c) If the owner or operator of a CISWI unit or air curtain incinerator makes physical or operational changes to an existing CISWI unit or air curtain incinerator primarily to comply with this Part, such changes do not qualify as a modification or reconstruction.

(d) The owner or operator of a CISWI unit or air curtain incinerator subject to this Part shall comply with applicable portions of 40 CFR Part 60, Subpart DDDD (Sections 60.2575 through 60.2875) incorporated by reference in 252:100-2-3.

(1) CISWI units in the incinerator subcategory and air curtain incinerators that commenced construction on or before November 30, 1999 shall achieve final compliance by the December 1, 2005.

(2) CISWI units and air curtain incinerators that commenced construction after November 30, 1999, but on or before June 4, 2010, and CISWI units in the small remote incinerator, energy recovery unit, and waste-burning kiln subcategories that commenced construction before June 4, 2010 shall achieve final compliance as expeditiously as practicable after approval of the state plan but not later than the earlier of the two dates specified in paragraphs (d)(2)(A) and (B) of this subsection.

(A) February 7, 2018.

(B) Three years after the effective date of State plan approval.

(C) For compliance schedules approved under 40 CFR Section 60.2575 or 60.2815, the owner or operator~~CISWI unit~~ shall submit a final control plan not more than 1 year following the effective date of State plan approval, and shall achieve final compliance as expeditiously as practicable, but not later than February 7, 2018 or three years after the effective date of State plan approval, whichever is earlier. Within the appropriate context, these dates shall be considered the "date(s) to be specified in state plan" wherever that phrase appears in the model rule and associated tables.

## 252:100-17-62. Terminology related to 40 CFR

- (a) For purposes of interfacing with 40 CFR, the following terms apply:
- (1) "**Affected facility**" is synonymous with "commercial and industrial solid waste incinerator (CISWI)" or "CISWI unit" and "air curtain incinerator" or "ACI."
  - (2) "**Administrator**" is synonymous with "Executive Director."
- (b) The term "you" in the Model Rule of 40 CFR Sections 60.2575 through 60.2875, means the owner or operator of a CISWI unit or air curtain incinerator.

## 252:100-17-63. Exemptions

Except for required notifications as specified, the following types of individual combustionCISWI units are exempt from the requirements of this Part.

- (1) **Pathological waste incineration units.** Incineration units burning 90 percent or more by weight (on a calendar quarter basis and excluding the weight of auxiliary fuel and combustion air) of pathological waste, low-level radioactive waste, and/or chemotherapeutic waste as defined in 40 CFR Section 60.2875, if the owner or operator meets the two requirements specified in subparagraphs (1)(A) and (B) of this Section.
  - (A) Notifies the DEQ that the unit meets these criteria.
  - (B) Keeps records on a calendar quarter basis of the weight of pathological waste, low level radioactive waste and/or chemotherapeutic waste burned, and the weight of all other fuels and wastes burned in the unit.
- (2) **Municipal waste combustion units.** Incineration units that are subject to Part 5 of this Subchapter or 40 CFR Part 60, Subpart Ea (Standards of Performance for Municipal Waste Combustors); Subpart Eb (Standards of Performance for Large Municipal Waste Combustors); or Subpart AAAA (Standards of Performance for Small Municipal Waste Combustion Units).
- (3) **Medical waste incineration units.** Incineration subject to Part 7 of this Subchapter or 40 CFR Part 60, Subpart Ec (Standards of Performance for Hospital/Medical/Infectious Waste Incinerators for Which Construction is Commenced After June 20, 1996).
- (4) **Small power production facilities.** Units that meet the three requirements specified in subparagraphs (4)(A) through (D) of Section.
