A Grant Solicitation has been released for the Oklahoma VW Settlement On-Road Program. This program is funded by the Volkswagen State Environmental Mitigation Trust Fund. Information regarding the program is below; more details are available in the On-Road Grant Solicitation document. All final applications for potential projects must be received before September 30, 2020.

### Program Summary

The Oklahoma Department of Environmental Quality will use approximately $3,500,000 from the Oklahoma Volkswagen Settlement Trust to implement a reimbursement program to replace or repower eligible on-road vehicles. The goal of this program is to reduce nitrogen oxide emissions by replacing or repowering older vehicles with newer diesel or alternative fueled vehicles. This is a competitive funding opportunity available to government and non-government applicants seeking to improve their heavy truck, medium truck, or bus fleets. A cost-share is required for funding under this program.

### Eligibility

- Class 8 Local Freight Trucks and Port Drayage Trucks (Large Trucks)
- Class 4-8 Shuttle Bus or Transit Bus (Buses)
- Class 4-7 Local Freight Trucks (Medium Trucks)

### FAQs

1. **When will applications be accepted?**

2. **Does submitting an application mean I will receive funding?**
   This is a competitive opportunity. The scoring criteria is detailed in the On-Road Grant Solicitation.

3. **Which fuel types can be used?**
   Eligible fuels include Diesel, Electric, CNG, and Propane.

4. **Is fueling infrastructure allowed?**
   No, this is for vehicle replacement or repower.

5. **Are school buses eligible for this grant?**
   No, see the VW settlement website for school bus funding.

6. **What happens to the vehicle I am replacing?**
   The old vehicle must be made inoperable and scrapped.

7. **How old can the vehicle being replaced be?**
   Engine model years must fall within 1992-2009.
