Official after RMAC Approved
 at September 26, 2019 meeting

Notice of Public Meeting – The Radiation Management Advisory Council convened for a Regular Meeting at 10:00 a.m. on March 28, 2019, at the Department of Environmental Quality, 707 N. Robinson, Oklahoma City, Oklahoma. The meeting was held in accordance with the Open Meeting Act, with notice of the meeting given to the Secretary of State on October 11, 2018. The Agenda was duly posted at the DEQ twenty-four hours prior to the meeting. Mr. George MacDurmon, Chair, called the meeting to order. Ms. Quiana Fields called roll and a quorum was confirmed.

Approval of Minutes – Mr. MacDurmon called for a motion to approve the Minutes of the October 4, 2018 Regular Meeting, but Mr. Mike Broderick, Environmental Programs Manager of the Land Protection Division (LPD), pointed out some mistakes on the draft minutes such as the Election of officers should be Council Year (CY) 2018 since the Council will hold elections for CY 2019 at this meeting. Also, Mr. Lux pointed out information that was incorrect on the transcript so it needs to be corrected as well. Following discussion, Mr. MacDurmon called for a motion to approve the minutes as corrected; Mr. Lux made the motion to approve the minutes as corrected. Dr. Jennings made the second.

See transcript pages 4 - 8

Chris Honigsberg	Yes	Kurt Steincamp	Yes
Karen Jennings	Yes	George MacDurmon	Yes
Jeffrey Lux	Yes		

Election of Officers for Council Year 2018 – Mr. MacDurmon mentioned there was an amendment to the CY 2019 election of officers at the previous meeting so Ms. Jennings moved that the election of officers will be for CY 2019 and the officers will serve until the first meeting in CY 2020. Mr. Steincamp made the second.

See transcript pages 8 - 9

Chris Honigsberg	Yes	Kurt Steincamp	Yes
Karen Jennings	Yes	George MacDurmon	Yes
Jeffrey Lux	Yes		

Mr. Broderick presided over nominations for Chair. Mr. Broderick entertained a motion for Chair. Mr. Steincamp made a motion to nominate Mr. MacDurmon and Mr. Lux made the second.

Introduction of members of the staff present – Mr. Broderick introduced himself and had the DEQ staff and Councilmembers introduce themselves as well.

See transcript pages 11 - 13

Introduction of members of public present – Casey Schmitz, Assistant Radiation Staff Officer of the University of Oklahoma introduced herself.

See transcript page 13

Section Activities and Events – Mr. Broderick provided an overview of several activities and events occurring within the Radiation Section.

See transcript pages 14 - 15

Report by the Chair on matters of interest – None

Proposed Changes to Chapter 410 – Mr. Reid stated that the Department is proposing to amend OAC 252:410 in response to changes recommended by the Nuclear Regulatory Commission (NRC) during a routine audit of the Radiation Management Program. The proposed changes are necessary to bring the Oklahoma rules fully into compatibility with the federal rules. The gist of the rule is to amend Chapter 410 based on recommended changes from the NRC by correcting two citations. Hearing no questions or comments by the Council or the public, Mr. MacDurmon called for a motion. Mr. Honigsberg moved to approve and Mr. Lux made the second.

See transcript pages 15 - 18

New Business – Ms. Cornelius stated that at the next Council meeting there will be a vote to adopt the new 10 CFR 35 rules, which are the medical use of byproduct material rules.

See transcript pages 18 - 19

Next Meeting – The next meeting will be Thursday, September 26 in Tulsa, Oklahoma.

See transcript page 19

Announcements – Mr. Kirk thanked Mr. Broderick for his leadership and his staff regarding the NRC audit.

See transcript page 20

Adjournment – Mr. MacDurmon called for a motion to adjourn. Mr. Lux moved to approve and Mr. Steincamp made the second. Meeting adjourned at 10:28 a.m.

1 MR. MacDURMON: Thank you. The next item
 2 on the agenda is the approval of the minutes from
 3 the October 4th, 2018 meeting. Mr. Broderick, you
 4 have a comment about that?
 5 MR. BRODERICK: There are a couple of
 6 unusual things about this -- these minutes. I'm
 7 going to mention I've been out for knee surgery for
 8 two months. Monday was my first day back in the
 9 office. So I'm a bit overwhelmed by it all.
 10 But in the making the minutes up for the
 11 October 4, 2018 minutes, we had election of
 12 officers. Now, the way we've traditionally done
 13 election of officers in the RMAC is that the first
 14 meeting of the calendar year we hold elections for
 15 officers for that calendar year. And that's what --
 16 at the time, at least what I thought, and I think
 17 everybody thought we were doing.
 18 When these minutes were being written up, since
 19 the first meeting was in October, the first writing
 20 up of these minutes understandably said, well, this
 21 is October, obviously they're electing officers for
 22 2019, calendar year 2019. But that's not the way
 23 that we've done things.
 24 And I didn't catch this. Frankly I'm not sure
 25 if I reviewed this our not being out. But, anyway,

Page 3

1 MR. MacDURMON: We'll call the meeting to
 2 order. This March 28th, 2019 Public Meeting of the
 3 Radiation Management Advisory Council was called in
 4 accordance with the Open Meeting Act.
 5 Notice for this meeting was filed with the
 6 Secretary of State on October 11th, 2018. The
 7 agenda was duly posted 24 hours prior to the meeting
 8 and at the DEQ.
 9 Only matters appearing on the posted agenda will
 10 be considered at this meeting, I think that is what
 11 that's supposed to say.
 12 Roll call.
 13 MS. FIELDS: Mr. Conway is absent.
 14 Mr. Heldebrandt is absent. Mr. Honigsberg.
 15 MR. HONIGSBERG: Present.
 16 MS. FIELDS: Dr. Jennings.
 17 DR. JENNINGS: Here.
 18 MS. FIELDS: Mr. Lux.
 19 MR. LUX: Here.
 20 MS. FIELDS: Mr. Mashburn is absent.
 21 Mr. Shepherd is absent. Mr. Steincamp.
 22 MR. STEINCAMP: Here.
 23 MS. FIELDS: MR. MacDurmon.
 24 MR. MacDURMON: Here.
 25 MS. FIELDS: We have a quorum.

Page 5

1 I talked to the chair and the vice chair this
 2 morning. And offered them the option of we could
 3 just say that the election of officers was for this
 4 year or we could do it the way we've traditionally
 5 done it. And they made, what in my opinion was the
 6 correct decision. We should do things the way that
 7 we've always done them.
 8 So we're going to ask that the minutes be
 9 corrected for last year. The election of officers
 10 for council -- it's says council year 2019, and it
 11 needs to be calendar year 2019. I'm not sure of the
 12 correct way to phrase that.
 13 MR. MacDURMON: It's supposed to be 2018.
 14 MR. BRODERICK: Or, pardon me, I'm sorry,
 15 2018. Yes, thank you, George.
 16 We're going to ask that that be corrected. And
 17 in a few minutes we will go ahead and hold elections
 18 for officers for calendar year 2019. And hopefully
 19 all that made sense.
 20 DR. JENNINGS: Mike.
 21 MR. BRODERICK: Yes, ma'am.
 22 DR. JENNINGS: Calendar year 2018 is what
 23 it needs --
 24 MR. BRODERICK: October 4th, 2018, the
 25 draft minutes should be corrected to show election

Page 6

1 of officers for calendar year 2018. That's as I
2 understand it is what we want.
3 DR. JENNINGS: Yes.
4 MR. BRODERICK: I understand that Jeff had
5 identified something else.
6 MR. LUX: Yes, I found a few errors in the
7 minutes. I introduced myself and there were a
8 number of words that were really wrong, probably
9 most importantly the company I work for was
10 misidentified. So I went ahead, rather than say it
11 again and risk the same error, I just brought a
12 sheet of paper which I'll provide to you that
13 corrects those typographical errors.
14 MR. BRODERICK: I think you said in your
15 introduction that there were some problems.
16 MR. LUX: Yes. The company name was Price
17 McDowell, it should be Burns & McDonnell. I have
18 experience with duty commissioned. Well, that's
19 supposed to be nuclear decommissioning. Keyboard
20 sites should be TENORM sites. And nationally
21 occurring radioactive material should be naturally
22 occurring radioactive material. So I just wrote
23 those -- recorded those corrections.
24 MR. BRODERICK: To do this properly I think
25 you need a motion from a member of the Council or

Page 7

1 can you do that off of this discussion or do you
2 need a motion?
3 MR. MacDURMON: Let's do a motion.
4 DR. JENNINGS: We can -- we can pass -- we
5 can approve the minutes as corrected, right?
6 MR. BRODERICK: I think we need a second.
7 DR. JENNINGS: No, I haven't made that
8 motion.
9 MR. BRODERICK: Oh, no, I'm sorry.
10 MR. LUX: Well, I'll move that we approve
11 the minutes as corrected.
12 DR. JENNINGS: Second.
13 MR. BRODERICK: Okay. I think that's --
14 I'm going to mention one other thing.
15 MS. FIELDS: I'm doing roll call.
16 MR. MacDURMON: Roll call.
17 MR. BRODERICK: Oh, I apologize.
18 MR. MacDURMON: Ms. Fields.
19 MS. FIELDS: Mr. Honigsberg.
20 MR. HONIGSBERG: Yes.
21 MS. FIELDS: Dr. Jennings.
22 DR. JENNINGS: Yes.
23 MS. FIELDS: Mr. Lux.
24 MR. LUX: Yes.
25 MS. FIELDS: Mr. Steincamp.

Page 8

1 MR. STEINCAMP: Yes.
2 MS. FIELDS: Mr. MacDurmon.
3 MR. MacDURMON: Yes.
4 MS. FIELDS: Motion passed.
5 MR. BRODERICK: Thank you. I'm going to
6 shut up now and let George take the -- I will
7 mention one other thing that, I'm having allergy
8 problems. You kind of have to yell at me,
9 particularly if you have a soft voice. So I may ask
10 people to repeat themselves. And I'll let George
11 have it.
12 MR. MacDURMON: Okay. Thank you,
13 Mr. Broderick. Number 4 on your agenda is election
14 of officers for council year 2019. And I think we
15 want to make one amendment to that. Ms. Jennings.
16 DR. JENNINGS: I move that the election of
17 officers be for the calendar year 2019, and the
18 officers will serve until the first meeting of 2020.
19 MR. STEINCAMP: Second.
20 MR. MacDURMON: Ms. Fields.
21 MS. FIELDS: Mr. Honigsberg.
22 MR. HONIGSBERG: Yes.
23 MS. FIELDS: Dr. Jennings.
24 DR. JENNINGS: Yes.
25 MS. FIELDS: Mr. Lux.

Page 9

1 MR. LUX: Yes.
2 MS. FIELDS: Mr. Steincamp.
3 MR. STEINCAMP: Yes.
4 MS. FIELDS: Mr. MacDurmon.
5 MR. MacDURMON: Yes.
6 MS. FIELDS: Motion passed.
7 MR. MacDURMON: Okay. So, on to the
8 business of election of officers. I would like to
9 turn this over to Mr. Broderick at this point.
10 MR. BRODERICK: Okay. We have the chair.
11 We have any nominations for the position of chair?
12 MR. STEINCAMP: I nominate Mr. MacDurmon.
13 MR. BRODERICK: Is there a second?
14 MR. LUX: I'll second.
15 MR. BRODERICK: Any other nominations for
16 chair? Last call. Okay. So we have one nomination
17 for chair. And as my memory is that you would like
18 a vote on it.
19 MS. FIELDS: Yes. Mr. Honigsberg.
20 MR. HONIGSBERG: Yes.
21 MS. FIELDS: Dr. Jennings.
22 DR. JENNINGS: Yes.
23 MS. FIELDS: Mr. Lux.
24 MR. LUX: Yes.
25 MS. FIELDS: Mr. Steincamp.

Page 10

1 MR. STEINCAMP: Yes.
2 MS. FIELDS: Mr. MacDurmon.
3 MR. MacDURMON: Yes.
4 MS. FIELDS: Motion passed.
5 MR. BRODERICK: And I'll turn things with
6 pleasure back over to the chair.
7 MR. MacDURMON: Okay. Now I -- we -- I
8 will entertain motions for nominations for the
9 position of vice chair for calendar year 2019
10 through the first meeting of 2020.
11 MR. STEINCAMP: I move to nominate
12 Ms. Jennings.
13 MR. MacDURMON: Is there a second?
14 MR. HONIGSBERG: Second.
15 MR. MacDURMON: Any other nominations?
16 Hearing none let's have a roll call vote on that.
17 Ms. Fields.
18
19 MS. FIELDS: Mr. Honigsberg.
20 MR. HONIGSBERG: Yes.
21 MS. FIELDS: Dr. Jennings.
22 DR. JENNINGS: Yes.
23 MS. FIELDS: Mr. Lux.
24 MR. LUX: Yes.
25 MS. FIELDS: Mr. Steincamp.

Page 11

1 MR. STEINCAMP: Yes.
2 MS. FIELDS: Mr. MacDurmon.
3 MR. MacDURMON: Yes.
4 MS. FIELDS: Motion passed.
5 MR. MacDURMON: Thank you. Next on the
6 agenda is the introduction of members of the staff.
7 Mr. Broderick.
8 MR. BRODERICK: I'm going to let most of
9 the staff introduce themselves. I think everybody
10 here knows me. I'm Mike Broderick, I'm the manager
11 of the Radiation Management section here at DEQ.
12 I'm going to talk a little bit, we have one member
13 that's kind of special or one staff member, Kole
14 Kennedy, back there in the green shirt raising his
15 hand with the beard.
16 He has been appointed to be sort of the
17 coordinator for council stuff in the Land Protection
18 Division, which is the part of DEQ that holds
19 Radiation Management. So he's going to take care of
20 a lot of the administrative things in the meeting.
21 He's fairly new at the job, just been appointed
22 fairly recently. He will not do technical stuff.
23 That will still be with the Radiation Management
24 staff. But you will start seeing him at these
25 meetings.

Page 12

1 And other than that, I'm going to ask, starting
2 with Quiana and then going out into the audience
3 with the staff members, introduce themselves.
4 MS. FIELDS: Quiana Fields, the board and
5 council -- secretary.
6 MR. STICKNEY: I'm Mike Stickney, and I
7 work in Radiation and also hazwaste.
8 MS. ANDREWS: I'm Cristi Andrews. I'm the
9 new attorney for Radiation. However, I've been with
10 DEQ really before -- since before its inception,
11 about 27 years. I was doing employment and HR law
12 before this.
13 MS. DIZIKES: I'm Pam Dizikes. I'm the
14 supervising attorney for the Land Protection
15 Division. A few years ago I was assigned as the
16 attorney responsible for Radiation Management. So I
17 have a little bit of a background. And I just came
18 as sort of a backup for Cristi as she takes on her
19 new assignment.
20 MS. CORNELIUS: Keisha Cornelius, Radiation
21 Management. I do licensing and inspections.
22 MR. KENNEDY: Like I said, I'm Kole
23 Kennedy. I'm in the used tire recycling program
24 with the DEQ here. And I will be -- like he said,
25 I'll be doing rules for not only Radiation

Page 13

1 Management but also Solid Waste and Hazardous Waste
2 Management Councils, as well. So you'll be seeing a
3 lot of E-mails that come from me in regards to the
4 rules that we have upcoming.
5 MR. BRODERICK: I want to go to Michael
6 next.
7 MR. REID: Michael Reid, Radiation
8 Management, inspections and licensing.
9 MR. BRODERICK: Susie.
10 MS. STILES: Susie Stiles, I'm filling in
11 for Radiation secretary.
12 MR. KIRK: Lloyd Kirk, division director
13 for the Office of External Affairs for the agency.
14 MS. McALLISTER: Jennifer McAllister,
15 Radiation Management Section, as well, with
16 licensing and inspections.
17 MR. BRODERICK: Thank you all. And I'll --
18 you want me to go ahead and move into the members of
19 the public?
20 MR. MacDURMON: Yes, please.
21 MR. BRODERICK: I think we have one member
22 of the public here. Would you introduce yourself,
23 please?
24 MS. SCHMITZ: Sure. I'm Casey Schmitz, I'm
25 the assistant radiation safety officer at OU.

Page 14

1 MR. BRODERICK: And I can go ahead and move
2 into the briefing?
3 MR. MacDURMON: Absolutely.
4 MR. BRODERICK: Please hold your applause,
5 but I have a very short briefing here.
6 It's been a short time since we met in October.
7 And I've been out for part of that. But I have a
8 couple of items to report. Last time I reported
9 that we had been through the IMPEP review of our
10 agreement state program, and the NRC's review team
11 had recommended that we receive the highest rating
12 in all areas evaluated. That's official now. That
13 was just a recommendation at the time. That's
14 official.
15 The management review board confirmed the
16 recommendations of the review team. So those
17 results are final. Because we've had very good
18 performance on two successive IMPEPs, our next IMPEP
19 review will be five years from next fall, rather
20 than the usual four years.
21 We have two technical vacancies in the program,
22 both vacancies have been filled and new staff will
23 start on Monday.
24 I briefed the Council many times over the years
25 on the clean up of the Sequoyah Fuels site near

Page 15

1 Gore, Oklahoma. After several years of legal action
2 the State of Oklahoma and the Cherokee Nation
3 reached an agreement with Sequoyah Fuels to remove
4 the highest risk material. And Sequoyah Fuels
5 implemented that agreement and the highest risk
6 material was shipped to a facility in Utah. The
7 remaining material is being buried on an on-site
8 disposal cell.
9 There is still significant work to be done.
10 Sequoyah Fuels must complete surveys and demonstrate
11 compliance with ground water standards. When this
12 is completed it is expected that the site will be
13 transferred to the Department of Energy, which will
14 take permanent custody of it as a uranium mill
15 tailing site.
16 I've got a written version of this for you. And
17 that concludes my manager's report.
18 MR. MacDURMON: For Item No. 8 I don't have
19 anything to report. So we will move on to Agenda
20 Item No. 9, which is proposed changes to
21 Chapter 410. And I will turn that over to
22 Mr. Broderick.
23 MR. BRODERICK: We have some proposed
24 changes to Chapter 410. The Nuclear Regulatory
25 Commission identified some -- an error in our rules

Page 16

1 that they want us to correct. And I'm going to ask
2 Michael Reid to talk about it a little bit.
3 MR. REID: DEQ adopts rules.
4 MR. BRODERICK: You may want to come up to
5 the microphone, Michael.
6 MR. REID: Thank you, Carol. We adopt
7 Nuclear Regulatory Commission rules by reference.
8 When we adopted 10 CFR 40, which covers source
9 material, we made a mistake in the section on
10 unimportant quantities of source material. A list
11 of five types of unimportant quantities source
12 material, we intended four of them to be excluded
13 from our rules and reserved to the NRC.
14 But we accidentally excluded five. Format was
15 corrected and fifth category, deleted uranium
16 counter weights should not have been excluded.
17 As DEQ has jurisdiction -- rule making in
18 September will fix this and won't exclude these
19 items any longer.
20 MR. BRODERICK: Excuse me, but I think --
21 aren't we going to vote on that today? You said
22 rule making in September will fix this. Aren't we
23 doing that today?
24 MR. REID: The rule changes will be
25 accepted in September. Is that correct, Kole?

Page 17

1 MR. BRODERICK: Oh, I see.
2 MR. KENNEDY: Yes. Presented to Council
3 and then goes to the Board.
4 MR. REID: Yes.
5 MR. BRODERICK: Okay. Note that the
6 Council is going to vote on it.
7 MR. MacDURMON: In other words, if we
8 approve it today, it would go forward and be
9 implemented in September, is that correct?
10 MR. REID: That is correct.
11 MS. ANDREWS: May I speak? They will be
12 effective in September.
13 MR. REID: Yes, that would be the effective
14 date. Thank you, Cristi.
15 MR. BRODERICK: We have -- that was the
16 introduction. Are there any questions or discussion
17 by the Council? Casey, is there any questions or
18 discussion by the public?
19 MS. SCHMITZ: I'm good.
20 MR. BRODERICK: What the staff would ask
21 the Council to do is to go ahead and recommend this
22 today. At this meeting recommend this rule to the
23 Environmental Quality Board. It's up to the Council
24 to discuss what they want to do.
25 MR. MacDURMON: Okay. Does anybody have

Page 18

1 any questions or comments regarding the proposal?
2 Then I'll entertain a motion to recommend the
3 proposed changes to the Environmental Quality Board.
4 MR. HONIGSBERG: So moved.
5 MR. LUX: I'll second that.
6 MR. MacDURMON: Ms. Fields.
7 MS. FIELDS: Mr. Honigsberg.
8 MR. HONIGSBERG: Yes.
9 MS. FIELDS: Dr. Jennings.
10 DR. JENNINGS: Yes.
11 MS. FIELDS: Mr. Lux.
12 MR. LUX: Yes.
13 MS. FIELDS: Mr. Steincamp.
14 MR. STEINCAMP: Yes.
15 MS. FIELDS: Mr. MacDurmon.
16 MR. MacDURMON: Yes.
17 MS. FIELDS: Motion passed.
18 MR. MacDURMON: Thank you.
19 All right. Item No. 10 is for new business.
20 MR. BRODERICK: Keisha has something.
21 MS. CORNELIUS: During the next council
22 meeting we will be voting to adopt the new 10 CFR 35
23 rules, which are the medical use of byproduct
24 material rules. NRC is holding a public meeting on
25 these rules. It's a training seminar, public

Page 19

1 meeting. It will be on April 24th from 9:00 A.M. to
2 2:00 P.M. And they also have a question and answer
3 session where they can -- where you can ask
4 questions and get answers.
5 The staff attended the one that was on Tuesday,
6 and it did take the entire four hours to attend the
7 meeting. And I have information here with me if
8 anybody needs it on how to register for the webinar.
9 MR. BRODERICK: So they should see you if
10 they want the information?
11 MS. CORNELIUS: Yes.
12 MR. MacDURMON: Any other new business?
13 Hearing none, we will talk about the next meeting,
14 which is scheduled for September 26th, 2019 in
15 Tulsa. Mr. Broderick, any comments?
16 MR. BRODERICK: Keisha stole a lot of my
17 thunder. The main event of the next meeting will be
18 the changes that the NRC requires of us to Part 35,
19 the medical rules. It will be in Tulsa. I believe
20 it will be at the usual place, the Tulsa Technology
21 Center. I said Tulsa, but it's actually in Sand
22 Springs. And other than that, I don't expect any
23 other activity at the next meeting. It's
24 September 26th.
25 MR. MacDURMON: Okay. And with that, I

Page 20

1 don't have any announcements to make.
2 MR. BRODERICK: Looks like Lloyd Kirk has
3 something to say.
4 MR. KIRK: This is Lloyd Kirk I just want
5 to publicly thank Mike for his leadership and his
6 staff for -- regarding the audit, the NRC audit.
7 The news that he shared with us about the audit.
8 That's a lot of work and that's a sign of Mike's
9 staff and leadership for DEQ. I just want to thank
10 Mike and his staff for doing that.
11 MR. MacDURMON: Thank you. And with that
12 do we need a motion to adjourn? We'll entertain a
13 motion to adjourn.
14 MR. LUX: I move to adjourn.
15 MR. STEINCAMP: Second.
16 MS. FIELDS: Mr. Honigsberg.
17 MR. HONIGSBERG: Yes.
18 MS. FIELDS: Dr. Jennings.
19 DR. JENNINGS: Yes.
20 MS. FIELDS: Mr. Lux.
