

## Clean Vessel Act Site Visit Record

<b>SAV Date:</b>	November 6, 2024
<b>DEQ Staff:</b>	Cheryl Dirck – Office of Business and Regulatory Affairs
<b>Marina Name:</b>	Lake Murray Marina
<b>Marina Address:</b>	1136 Boat Dock Road
<b>City/County/State/Zip:</b>	Ardmore/Love/OK/73401
<b>Marina Contact Name/Phone:</b>	Rusty Norris/(214) 549-5276 Gilbert Welch/(972) 740-7901
<b>Date of Award/Award Number:</b>	December 31, 2024/F23AP02032
<b>Amount of Award:</b>	\$124,796.00

On October 19, 2022, Lake Murray Marina applied for the CVA grant for a new SaniSailor pump-out system. The marina was awarded CVA grant funds totaling \$124,796.00 on June 22, 2023. Their actual cost and projected cost for the new pump-out system was the same, totaling \$166,394.00. They received 75% of their actual cost in the amount of \$124,796.00.

Rusty Norris now oversees the projects of Lake Murray Marina. The marina has started a project that will include 6 phases, to provide pump-out station capabilities to boaters on Lake Murray. A portion of the marina is currently served by an existing lift station that pumps the effluent into their existing lagoon, which is a State of Oklahoma system at Lake Murray, regulated by the marina. Some docks are not connected to the existing lift station. The locations without pump-out systems rely on a pump truck collecting the effluent that is hauled off to their lagoon. The 6 phases will construct boat pump-out systems on each existing dock, making them more environmentally safe from boat effluent, and keeping Lake Murray clean of sewage.

On November 6, 2024, Cheryl Dirck performed a site visit at the marina to verify the installation of the peristaltic pump-out system, pipeline, and accessories to dock B. The design process, the site work, septic system, the sewer lines, and administrative costs were within the DEQ compliance and CVA grant requirements. Ms. Dirck reviewed the receipts, and all dates are within the parameters of the CVA grant timeline. Lake Murray Marina is eligible for their awarded CVA grant funds.
