- Module 3 (1 hour): Feel method re-calibration (using 15 known soil texture samples)

Fees and Signing-up for Class:

- Send an email to: osusepticwater@okstate.edu
- Class size will be limited to only 20 seats so reserve your spot early!
- Class fee: \$80.00 (*in checks payable to OSU*) will be collected on the day of the class
- Class fees will cover for 6 known soil texture samples that will be given to participants

Class for Licensed Soil Profilers, Septic System Installers, and Sewage Pumpers/Haulers

Schedule and Venue:

- July 23 - Oklahoma City County Extension Office, OKC
- July 24 – Comanche County Fair Grounds, Lawton, OK
- July 25 – Carter County Extension Office, Ardmore, OK
- July 26 – Antlers Community Center, Antlers, OK

Classes will be held from 8:15 AM to 12:20 pm

Class Modules:

- Module 1: Oklahoma Septic System Rules Update – c/o Oklahoma DEQ
- Module 2: Contaminants from Unconventional Wastestreams -2024 version
- Module 3: Science Module: Techniques to Reduce Surface and Subsurface Transport of Excess Nutrients
- Module 4: 12 Septic System Facts or Fiction

Soil profilers and installers need to stay for all four modules (4 hours). Haulers/pumpers just needing two hours of CEUs only need to attend the first two modules.

DIVISION OF
**AGRICULTURAL SCIENCES
AND NATURAL RESOURCES**

Fees and Signing-up for the Class:

Like in previous years, the classes will be offered at a **fee rate which is lower than the industry norm** of \$30 per CEU hour. The fees for the CEU classes are as follows:

- Four hours of CEUs for Installers and Soil Profilers: \$70 (\$17.5 per hour)
- Two hours of CEUs for Pumpers: \$35 (\$17.5 per hour)

Class fees (*in checks payable to OSU*) will be collected on the day of the class.

How to sign-up?

- Send an email to: osusepticwater@okstate.edu
- Class size will be limited to only 20 seats so reserve your spot early!

Instructor:

- Dr. Sergio M. Abit Jr.
