2021.

### Department of Environmental Quality Notice of Filing a Tier II Application

On February 4, 2021 the Systech Environmental Corporation - Tulsa, OK facility submitted a Tier II Resource Conservation and Recovery Act (RCRA) Part B Operations Permit Renewal Application (Renewal Application) to the Department of Environmental Quality for its hazardous waste storage facility. The permitted facility has a physical address of 2701 N. 145th East Avenue, Tulsa, OK, 74116 and is located in Rogers County, Oklahoma with a legal description described as follows:

- Section 22, Township 20N Range 14E, Rogers County, Oklahoma;
- Latitude 36.19676°, Longitude -95.81248°, Rogers County, Oklahoma;

In accordance with Title 40 Code of Federal Regulations (CFR) Section 124.32 and Oklahoma Administrative Code (OAC) 252:4-7-13, Systech Environmental Corporation posts this notice of the Renewal Application submittal.

The Systech Environmental Corporation - Tulsa, OK facility operations are located within the site boundary of the Central Plains Cement Company (CPCC) plant. The Systech Environmental Corporation - Tulsa, OK facility conducts activities that include the receiving, blending, and storage of selected hazardous waste materials as fuel in the manufacture of cement.

Systech Environmental Corporation - Tulsa, OK facility currently conducts its operations in accordance with EPA ID No. OKR000025452 and RCRA/HSWA Operations Permit No. 00002542 issued on August 8, 2011. This Renewal Application is to renew RCRA Operations Permit No. 00002542.

In accordance with Title 27A § 2-14-301 (A), interested citizens are invited to review copies of the Renewal Application at the following locations:

- Catoosa Public Library, 105 E. Oak Street #2090, Catoosa, OK 74015
- Department of Environmental Quality website, <https://www.deq.ok.gov/land-protection-division/permit-public-participation-process/>
- Systech Environmental Corporation, 2701 145th East Avenue, Tulsa, OK 74116

The designated facility contact who will address questions regarding the Renewal Application is listed below. In addition, written notice can be submitted to the following facility contact in order to be put on the facility mailing list, in accordance with 40 CFR 124.32(b)(iii):

Marvin (Randy) Sparks, CHMM  
Regulatory Manager  
Geocycle, LLC  
2175 Gardner Blvd  
Holly Hill, SC 29059  
(803) 496-1472  
[marvin.sparks@geocycle.com](mailto:marvin.sparks@geocycle.com)

The Oklahoma Department of Environmental Quality (DEQ) contact is below:

Hillary Young  
Chief Engineer, Land Protection Division

Oklahoma Department of Environmental Quality  
707 North Robinson Oklahoma City,  
Oklahoma 73101  
405-702-5100

[Hillary.young@deq.ok.gov](mailto:Hillary.young@deq.ok.gov)

After reviewing the application for compliance with Title 40 of the Code of Federal Regulations, Title 252 of the Oklahoma Administrative Code, the Hazardous Waste Management Act and Title 27A of the Oklahoma Statutes, and correcting any deficiencies noted, DEQ will prepare either a draft permit or draft denial. At that time, notice of the prepared draft will be published and the public will be given 45 days to review it, submit written comments, or request a public meeting.

The permittee's compliance history during the life of the permit being renewed is available from the Agency contact person. For further

information about this notice, call the Land Protection Division of the Department of Environmental Quality at 405-702-5100.
