Re: Notice of Application for a Tier III Permit Modification
East Oak RDF, Permit No. 3555036
Oklahoma County, Oklahoma

Dear Ms. Hailes:

Attached please find a copy of the Notice of Application Filed for a Tier III Permit Modification advertisement that was published in *The Oklahoman*. Also attached is the Affidavit of Publication from the newspaper to be included in Appendix B-2 of the Tier III Permit Modification submitted on January 10, 2020 to the ODEQ.

The Notice of Application for a Tier III Permit Modification was published on January 28, 2020.

Please call if you have any questions.

Sincerely,

Weaver Consultants Group, LLC

Jonathan V. Queen, P.E.
Project Director

Attachment: Notice of Application Filed
*The Oklahoman* Affidavit of Publication

cc: Guy R. Campbell, Waste Management of Oklahoma, Inc.
Pete Schultze, Waste Management of Oklahoma, Inc.
OKLAHOMA DEPARTMENT OF ENVIRONMENTAL QUALITY
NOTICE - APPLICATION FILED

Application filed. A solid waste Tier III application has been filed with the Department of Environmental Quality (DEQ). Interested persons now have the opportunity to meet with the DEQ and learn how and where they may participate in the permitting process.

Applicant: The applicant is: Waste Management of Oklahoma, Inc.
East Oak Recycling and Disposal Facility
3201 Mosley Road
Oklahoma City, OK 73141

Type of final permit or permit action being sought: The applicant seeks to modify an existing Municipal Solid Waste Landfill permit.

Facility location: The Municipal Solid Waste Landfill is located at 3201 Mosley Road, Oklahoma City, Oklahoma, 73141. See legal description below.*

Activities to be regulated if the application is approved: The existing Municipal Solid Waste Landfill (ODEQ Permit No. 3555036) currently receives residential and commercial waste, construction and demolition waste, non-hazardous other industrial waste, encapsulated asbestos waste, vegetative waste, semi-solid waste and sludges. The facility is submitting this permit application to permit a lateral expansion of the existing landfill. With this lateral expansion, the existing landfill permit boundary will expand from approximately 282.96 acres to a proposed 419.19 acres. The waste disposal area will increase from approximately 191.8 acres to 235.9 acres. Over the life of the facility, the expected average daily volume of incoming waste is projected to be approximately 1,746 tons per day. These projections are based on current market conditions and may vary as market conditions change. The existing groundwater monitoring systems will also be revised to monitor the expanded site. Surface water drainage improvements that will occur with the expansion consist of providing final cover erosion control structures, perimeter drainage channels, and detention ponds. The site is also designed to prevent stormwater run-on to the active portion of the landfill during a 24-hour, 25-year storm event. The variance requests include (1) location of the disposal area as it relates to the existing 100-year floodplain (OAC 252:515-5-32(a)) and (2) location of the site within an area designated as alluvium or terrace deposits (OAC 252:515-5-51(a)).

Statutes and Rules: The DEQ will review the application for compliance with the Environmental Quality Code, including the Solid Waste Management Act, Title 27A of Oklahoma Statutes, Section 2-10-101, et seq., and the rules of the DEQ, Oklahoma Administrative Code, Title 252, Chapters 4 and 515.

Permitting procedures explained: On request, a representative of DEQ will chair a meeting to explain the steps of DEQ’s permitting process to interested persons. At that
meeting, there will be discussion explaining when oral and written public comments can be made on the proposal. Administrative hearing opportunities will also be discussed. To request this process meeting, send a written request to the DEQ representative named below within 30 days after the date this notice is published. Please note this is not a meeting for protests. Its purpose is to advise interested persons on participation opportunities during the permitting process. For more information about this process meeting, please contact the DEQ representative named below.

Locations where application may be reviewed:
1. Locally at the Midwest City Public Library, 8143 E. Reno, Midwest City, OK 73110.
2. The DEQ’s Central Records Section, located on the 2nd floor of the DEQ building at 707 N. Robinson, Oklahoma City, Oklahoma. Ph: (405) 702-1188. Email: centralrecords@deq.ok.gov.

For more information, contact:
1. For applicant: Pete Schultze, Waste Management of Oklahoma, Inc., 3201 Mosley Rd., Oklahoma City, OK 73141; (918) 439-7828; Fax No. (405) 427-1139.
2. For DEQ: Hillary Young, P.E., Chief Engineer, DEQ, Land Protection Division, P. O. Box 1677, Oklahoma City, OK 73101-1677; (405) 702-5100; Fax No. (405) 702-5101.

*Legal description of site: A general legal description is as follows: Section 21 of Township 12 North, Range 2 West in Oklahoma County, Oklahoma.
