Re: Administrative and Technical Review Complete – Draft Permit Proposed
Tier II Permit Application – Solid Waste Transfer Station
City of Tulsa 440 Transfer Station
Tulsa County

Dear Mr. VanLoo

The Oklahoma Department of Environmental Quality (DEQ) received a Tier II permit application from City of Tulsa 440 Transfer Station on April 27, 2022. Pursuant to 27A O.S. § 2-14-301(A), the application Notice of Filing was published in the *Tulsa World*, Tulsa, Oklahoma, on May 7, 2022.

Pursuant to Oklahoma Administrative Code (OAC) 252:4-7-8, the Solid Waste Permitting Unit conducted an administrative and technical completeness review with respect to the application. DEQ now finds your application to be administratively and technically complete.

Enclosed is a copy of the Draft Permit for your review, together with instructions for the preparation, publication and certification of the legal notice as required with all Tier II applications. As noted in the instructions, please submit a draft of the legal notice to DEQ for review, prior to publication.

Should you have any questions, please contact Kaylee Shiplet of my staff at (405) 702-5196 or kaylee.shiplet@deq.ok.gov.

Sincerely,

Hillary Young, P. E.
Chief Engineer
Land Protection Division
