Re: Technical Review Complete – Draft Permit
Tier III Permit Application – New Commercial Regulated Medical Waste Processing Facility
Oklahoma Medical Waste Disposal
Oklahoma County

Dear Mr. Wignarajah:

The Oklahoma Department of Environmental Quality (DEQ) received the Tier III permit application for the construction of a new commercial regulated medical waste processing facility on February 3, 2020 with supplemental information submitted on February 12, 2020 and March 23, 2020. Pursuant to 27A O.S. § 2-14-301(A), the application Notice of Filing was published in the Choctaw Times on February 5, 2020. There was no request for a process meeting.

DEQ determined the application to be administratively complete on March 2, 2020. Pursuant to Oklahoma Administrative Code (OAC) 252:4-7-8, the Solid Waste Permitting Unit conducted a technical completeness review with respect to the application. DEQ now finds your application to be technically complete.

Enclosed is a copy of the Draft Permit for your review, together with instructions for the preparation, publication and certification of the legal notice as required with all Tier III applications. As noted in the instructions, please submit a draft of the legal notice to DEQ for review, prior to publication.

Should you have any questions, please contact Kaylee Shiplet of my staff at (405) 702-5196.

Sincerely,

Hillary Young, P.E.
Chief Engineer
Land Protection Division
