

**OKLAHOMA DEPARTMENT OF ENVIRONMENTAL QUALITY
NOTICE – PROPOSED PERMIT**

The Oklahoma Department of Environmental Quality (DEQ) gives notice of the opportunity for interested persons to review a proposed Solid Waste permit modification prepared by the DEQ and request an administrative hearing. If no request is timely made, the proposed permit modification will become final.

Application type/applicant: The proposed permit modification is based on a Tier III application filed by Enso Solutions LLC facility at 2701 Haindl Drive, Oklahoma City, OK 73129 to modify an existing solid waste permit.

Facility location: The existing facility is located in Oklahoma County at 2701 Haindl Drive, Oklahoma City, OK 73129. See legal description below. *

Activities to be regulated if permit is made final: The proposed permit modification and its conditions propose composting organic and food waste derived from its customers. Enso Solutions composts all accepted waste in an in-vessel composting method utilizing an EF-20-IM system from Green Mountain Technologies. The proposed change includes the addition of food waste feedstock and increasing the total feedstock limit to more than 100 tons annually. The vessel allows for composting of approximately 0.7 tons of feedstock per day while minimizing odors, eliminating water run off and/or contamination, and pests. The aforementioned vessel is fixed inside a 5,400 square foot enclosed warehouse for further protection of the environment. The facility is located on approximately one (1) acre. A variance to 252:515-43-91 was requested to waive the groundwater monitoring requirements as all waste storage and processing of untreated wastes will occur entirely within the enclosed facility. Furthermore, the in-vessel method utilized eliminates the need to monitor groundwater as no processed or unprocessed waste will come in contact with the environment .

Background: The DEQ prepared the proposed permit modification after it reviewed the application for compliance with the Solid Waste Management Act, Title 27A of the Oklahoma Statutes, Section 2-10-101, *et seq.* and the rules of the DEQ, Oklahoma Administrative Code (OAC), Title 252, Chapters 4 and 515; prepared a draft permit modification; and provided 30 days for a public comment period and opportunity to request a public meeting. No comments or requests for a public meeting were received.

An administrative hearing is: an evidentiary individual proceeding held at DEQ's office by an administrative law judge in accordance with the Administrative Procedures Act (Oklahoma Statutes, Title 75, Section 309) and DEQ procedures (OAC, Title 252, Chapter 4). The hearing will determine: (1) if the proposed permit modification should/should not be issued as final; and (2) if it is finalized, which, if any, of its conditions should be changed prior to issuance.

Who can request: A person (or a group that has 25 or more members who are Oklahoma residents) who claim to hold a demonstrable environmental interest and who alleges that

the construction or operation of the proposed facility or activity would directly and adversely affect such interest.

Requesters' rules: Each requester must participate in the hearing as a party, present testimony and evidence and cross-examine witnesses about the testimony and evidence presented by the applicant's attorney. An individual may represent himself or be represented by an attorney.

Deadline for request: Must be received by the DEQ within 20 days after the date this notice is published.

How to request: Submit a request, in writing, to the Administrative Hearing Clerk, Department of Environmental Quality, P. O. Box 1677, Oklahoma City, OK 73101-1677, (FAX 405-702-7101).

For more information on hearing procedures: See Title 27A of the Oklahoma Statutes, Section 2-14-304 and Oklahoma Administrative Code, Title 252, Chapter 4, Rules of Practice and Procedure of the DEQ, Subchapter 9. Contact: Hillary Young, P.E., Chief Engineer, Land Protection Division, P.O. Box 1677, Oklahoma City, OK 73101-1677; Hillary.Young@deq.ok.gov; (405) 702-5100; Fax No. (405) 702-5101.

Where proposed permit modification and application may be reviewed:

1. Locally at Oklahoma City – City Hall at 200 N. Walker Ave.

2. The DEQ's Central Records Office on the 2nd floor of the DEQ office building located at 707 North Robinson, P. O. Box 1677, Oklahoma City, OK 73101-1677.

3. On DEQ's website at <https://www.deq.ok.gov/land-protection-division/permit-public-participation-process/>.

For more information on proposed permit, contact:

1. For applicant: Matthew Golladay, 2701 Haindl Drive, Oklahoma City, OK 73129 or via phone at 405-493-9392.

2. For DEQ: Hillary Young, P.E., Chief Engineer, Land Protection Division, P.O. Box 1677, Oklahoma City, OK 73101-1677; Hillary.Young@deq.ok.gov; (405) 702-5100; Fax No. (405) 702-5101.

***Legal description of site:** The Enso Solutions LLC facility is located in all of Lots one (1), two (2), three (3), four (4) in the Block three (3) of Akin Addition, Oklahoma City, Oklahoma, according to the recorded plat thereof.
