CAUTION

Hi Tom,

After review, I just had one deficiency that was not fulfilled by your response. OAC 252:515-3-36(a)(9). Indicate the names of municipalities and/or counties included in the service area.

DEQ is not restricting the facility service area. The service area is required to be submitted, by rule, in the application. Please describe the service area that is applicable to the facility.

If you want to submit a response now that fulfills OAC 252:515-3-36(a)(9) then I will consider the Administrative Review complete, get that letter out to you and move to the Technical Review of your application.

Thanks,

Cynthia K. Hailes, P.E.
