

## Oklahoma Department of Environmental Quality Oklahoma Landfills Accepting Regulated Asbestos Waste

OAC 252:515-19-31 states that the disposal of friable asbestos waste at a solid waste disposal facility is prohibited unless the facility is a municipal solid waste landfill (MSWLF) or non-hazardous industrial waste (NHIW) landfill specifically authorized by the permit to accept such waste. Disposal practices for asbestos and materials containing asbestos must be in compliance with appropriate regulations as set forth in OAC 252:100-40-5.
