You can obtain coverage under the OPDES Multi-Sector General Permit (MSGP) OKR05 by submitting a completed NOI, general location map, site map, and applicable fees to DEQ. If you have questions regarding permit coverage under the Stormwater Program, you may call the Stormwater Unit of Environmental Complaints and Local Services (ECLS) of DEQ at (405) 702-6100

or email to ecls-stormwaterpermitting@deq.ok.gov.

Submitting Your NOI Form

A completed NOI form along with general location map, site map, and applicable fees must be submitted together to DEQ before your NOI can be processed. Submit your NOI, required documents and applicable fees to the following address:

Completing the NOI Form

Obtain and read a copy the 2022 OKR05 Permit that is available on the DEQ's website before filing an NOI with DEQ. To complete an NOI form, type or print in all the appropriate places of the form. Check the appropriate box whether you are filing for a new application or modification or renewal of your current permit. Enter your current authorization number, if you are applying for permit renewal. You must submit a **complete and accurate NOI** to DEQ for coverage under this Permit.

Section I. Operator Information

Provide the legal **name** of the company/firm, public organization, or any other entity that either individually or together meets the following two criteria: (1) have operational control over the facility; and (2) have the day-to-day operational control of those activities at the facility necessary to ensure compliance with plan requirements and permit conditions.

Enter the phone number, mailing address including city, county, state, and ZIP code. Include your company's URL, if you have one. Also enter the name, title, phone number, and email address for the operator's point of contact.

Section II. Facility Information

Provide the facility's official or legal name, phone number and complete street address, including city, county, state, and ZIP code. If the site lacks a street address, indicate the site location using a general statement (e.g., Intersection of State Highways 61 and 34). Also provide the name, title, phone number, and email address for the facility's point of contact.

Indicate the facility's ownership type or the legal status whether it is a Federal, State, Municipal, Public, or Private. Include latitude and longitude of the facility (**at the main entrance gate of the facility**) in decimal degrees (use only NAD83). Longitude and latitude may be obtained from the DEQ's website.

Enter the four-digit Standard Industrial Classification (SIC) code or two character activity code and respective Sector that best describes the primary industrial activities performed by your facility under which you are required to obtain permit coverage. Also enter the secondary SIC Code and Sector, if applicable. Your primary industrial activity includes any activities performed on-site which are (1) identified by the facility's primary SIC code and included in the descriptions of 40 CFR § 122.26(b)(14)(ii), (iii), (vi), or (viii); or (2) included in the narrative descriptions of 40 CFR § 122.26(b)(14)(i), (iv), (v), (vii), or (ix), as adopted and incorporated by reference in OAC 252:606 1-3 (b)(3)(L). Indicate whether the facility discharges stormwater to a Municipal Separate Storm Sewer System (MS4), if yes; enter the name of the MS4 operator. A MS4 is defined as a conveyance or system of conveyances, including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains that are owned or operated by a state, city, town, borough, parish, district, association, or other public body which is designed or used for collecting or conveying stormwater.

Depending on your industrial activities, your facility may be subject to federal effluent limitation guidelines which include additional effluent limits and monitoring requirements for your facility. Indicate whether your facility is required to submit electronic Discharge Monitoring Report (eDMR) for Effluent Limitations. Refer to the permit for information on monitoring requirements. Indicate the monitoring status by entering **Yes** or **No** in the appropriate space and also enter applicable Sector. Indicate impaired water monitoring requirement by entering **Yes** or **No** in the appropriate space.

Indicate whether the facility's stormwater discharge covered by a separate individual or general permit along with associated OPDES permit number.

Check appropriate box if the receiving waterbody is listed in the DEQ 303(d) list of impaired waters. If the waterbody is impaired, indicate the pollutant(s) for which the water is impaired. Identify any Total Maximum Daily Loads (TMDL) that has been completed for any of the waters of the State that you discharge to. Use additional sheet of paper(s) if the facility has more than 7 outfalls. Useful online links for these information are available on the [Industrial Stormwater Page of the DEQ's website](#).
