**FORM OKG75**

**APPLICATION FOR AUTHORIZATION UNDER GENERAL PERMIT NO. OKG75**

**VEHICLE WASH FACILITIES**

A. **TYPE OF AUTHORIZATION REQUESTED** (Applies to all applicants)
   - NEW [ ] RENEWAL [ ] MODIFICATION [ ] DISCHARGE [ ] IMPOUNDMENT [ ]

B. **NAME OF FACILITY** (Applies to all applicants)

C. **FACILITY CONTACT** (Applies to all applicants)
   1. **NAME & TITLE**
   2. **PHONE** (area code & number)

D. **FACILITY MAILING ADDRESS** (Applies to all applicants)
   1. **STREET OR P.O. BOX**
   2. **TELEFAX** (area code & number)
   3. **CITY OR TOWN**
   4. **STATE**
   5. **ZIP CODE**

E. **FACILITY LOCATION** (Applies to all applicants)
   1. **STREET, ROUTE NO., OR OTHER SPECIFIC IDENTIFIER**
   2. **COUNTY**
   3. **CITY OR TOWN**
   4. **STATE**
   5. **ZIP CODE**
   6. **LEGAL DESCRIPTION** (¼, ¼, ¼, Section, Township, Range)

F. **OPERATOR INFORMATION** (Applies to all applicants)
   1. **NAME**
   2. **Is the operator also the owner?**
      - YES [ ] NO [ ]
   3. **STATUS OF OPERATOR** (enter appropriate letter in box; if “Other,” specify)
      - F = FEDERAL
      - M = PUBLIC (other than federal or state)
      - S = STATE
      - T = PRIVATE
      - O = OTHER
   4. **PHONE** (area code & number)
   5. **STREET OR P.O. BOX**
   6. **TELEFAX** (area code & number)
   7. **CITY OR TOWN**
   8. **STATE**
   9. **ZIP CODE**
   G. **Is facility located on Indian land?**
      - YES [ ] NO [ ]

H. **MAP** (Applies to all applicants)
   1. Attach a topographic map (or plat or aerial photo if a topographic map is unavailable) extending one mile beyond the property boundaries. The map must show the outline of the facility, the location of each of its outfalls, surface impoundments, tank systems, storage facilities, and containment devices; and those wells, springs, other surface water bodies, and drinking water wells listed in public records or otherwise known to the applicant.
   2. Attach a facility site plan showing the location of any buildings, outfalls (discharge points), surface impoundments, tank systems, storage facilities, containment devices, driveways, parking areas, and other permanent structures. A site plan prepared for another state agency may be acceptable provided the wastewater storage, treatment, and disposal information is indicated thereon.

I. **SIC CODES** (4-digit, up to 4 in order of priority) (Applies only if the facility has activities in addition to vehicle washing)
   1. **FIRST**
      - (number) 7542
      - (specify) Vehicle wash
   2. **SECOND**
   3. **THIRD**
   4. **FOURTH**

J. **STORMWATER PERMITTING** (Applies to all applicants)
   Does facility have a stormwater multi-sector general permit? YES [ ] NO [ ]
   PERMIT NO. __________________________

**FOR OFFICIAL USE ONLY**

- **AUTHORIZATION NO.** OKG750
- **FACILITY ID NO.** OKG75T
- **Date Stamp**

---

Form 606-G75 (Rev 8/10)  Page 1 of 4
K. NATURE OF BUSINESS (Applies to all applicants)

1. PRODUCTS AND SERVICES

a. Is this vehicle wash a commercial operation or a private fleet vehicle wash? Commercial □ Private fleet □
b. Is this vehicle wash full-service, attended, or unattended? Full service □ Attended □ Unattended □
c. Briefly describe the types of vehicles washed at this facility.

2. FACILITY OPERATIONS

Indicate the number of wash bays/racks. Estimate the average and maximum number of vehicles washed daily, and the average and maximum number of gallons of water used per vehicle or per day.

3. Date facility began/will begin operations:
4. Number of employees at this location:
5. Facility normally operates: hours per day, days per week, in shifts.

1. SOURCES OF WATER SUPPLY AND AMOUNT USED (Applies to all applicants)

Identify all sources of facility water by entering the appropriate letter(s) in the boxes below and then providing the appropriate description(s), as incited in parentheses. List each source on a separate line. If you have more than one source of a given type, indicate this by entering the letter, followed by two digits (e.g., if your water comes from three wells, the sources would be indicated as G01, G02, and G03). For each source, estimate of the average daily use. Continue on additional sheets if needed.

G = GROUNDWATER WELL
S = SURFACE WATER
P = PUBLIC WATER SUPPLY
W = WASTEWATER TREATMENT PLANT
O = OTHER

1. SOURCE  2. DESCRIPTION  3. AVG. DAILY USE (GPD)

M. INVENTORY OF CHEMICALS AND RAW MATERIALS (Applies to all applicants)

1. List all chemical compounds and raw materials in containers of 55 gallons or more, used in plant operations and stored outside a building (e.g., solvents, cleaning compounds, water treatment chemicals). Describe the storage location and the purpose for which each chemical is used. Continue on additional sheets if needed.

2. Attach Material Safety Data Sheets (MSDS) for any detergents, polishes, waxes, or treatment chemicals used in vehicle washing. NOTE: Only biodegradable, low-phosphate soaps are to be used. Solvent-based cleaners and/or metal brighteners are prohibited under this Permit.

N. OUTFALL LOCATION (Applies only to applicants that discharge wastewater to waters of the state)

1. For each outfall, list the legal description (Lot, Section, Township, Range) to the nearest 10 acres and the name of the receiving water. Outfalls should be numbered 001, 002, etc. Continue on separate sheets if necessary.

   a. ID NO.  b. LEGAL DESCRIPTION  c. RECEIVING WATER

2. For each outfall, list the latitude and longitude. Continue on separate sheets if necessary.

   a. ID NO.  b. LATITUDE  c. LONGITUDE
O. FLOWS, SOURCES OF WASTE, AND TREATMENT (Applies to all applicants)

1. Attach line drawing showing water flow through the facility. Indicate sources of intake water, operations contributing wastewater to the effluent, and treatment units (grit traps, oil/water separators, lagoons, etc.) labeled to correspond to the more detailed descriptions in Item 2. Indicate disposal pathways of the wastes and wastewaters, including evaporation, recycle, discharge, solid waste storage, tanks, impoundments, land application, landfill, or other pathways. Provide a water balance (measured or estimated) on the line drawing that shows average flows between sources, unit processes, and disposal pathways.

2. For each outfall (F01, F02, etc.), provide a description of: (1) All operations and other sources of pollution which contribute waste to the outfall, including but not limited to process wastes, sanitary wastes, and stormwater; and (2) The average, maximum, and minimum flows contributed by each operation or other source of pollution. Provide the same information for any surface impoundments (F01, F02, T01, T02, etc.) used for treatment or disposal. Continue on additional sheets if needed.

P. EFFLUENT CHARACTERISTICS (Applies only to applicants that discharge wastewater to waters of the state)

Report estimated amounts (daily maximum and daily average) of the listed pollutants to be discharged from each of your outfalls, and the source of information. For pH, indicate daily maximum and daily minimum. Data for each outfall should be on a separate page. Continue on separate sheets if necessary.

<table>

Q. IMPOUNDMENT LOCATION (Applies only to applicants that use lagoons for treatment/disposal)

For each industrial surface impoundment, provide the ID number, legal description, and indicate if the impoundment is located in the 100 year flood plain. If the impoundment(s) have previously been permitted, use the ID number(s) contained in the previous permit. If the impoundment(s) have not previously been permitted, ID numbers should be assigned using the appropriate letter followed by two digits (e.g., if you have three flow-through impoundments, their ID numbers would be F01, F02, and F03). Each type of impoundment should be numbered separately (e.g., if you have one flow-through and one total retention impoundment, their ID numbers would be F01 and T01, rather than F01 and T02). Use the same numbers throughout this form. Continue on additional sheets if needed.

F = FLOW-THROUGH SURFACE IMPOUNDMENT  T = TOTAL RETENTION SURFACE IMPOUNDMENT

1. ID NO.  2. LEGAL DESCRIPTION (¼, ¼, ¼, Section, Township, Range)  3. FLOOD PLAIN (yes or no)

R. IMPOUNDMENT AND LINER INFORMATION (Applies only to applicants that use lagoons for treatment/disposal)

1. For each impoundment, attach drawings or plans with the following: (1) Length and width at top and bottom; (2) Total depth; (3) Designed minimum and maximum freeboard; (4) Interior and exterior side-slopes (ratio of horizontal to vertical distances); and (5) Inlet and outlet structures.

2. For each impoundment, list the holding capacity in gallons (assuming a minimum freeboard) and the dimensions in feet. The following abbreviations are used in the table to indicate the various impoundment dimensions. Continue on separate sheets if necessary.

B = BOTTOM WIDTH  T = TOP WIDTH  D = DEPTH  IS = INTERIOR SIDE-SLOPE RATIO (Horizontal:Vertical)

BL = BOTTOM LENGTH  TL = TOP LENGTH  F = MINIMUM FREEBOARD  ES = EXTERIOR SIDE-SLOPE RATIO (Horizontal:Vertical)

MF = MAXIMUM FREEBOARD

</tr>
</tbody>
</table>
### R. IMPOUNDMENT AND LINER INFORMATION (Applies only to applicants that use lagoons for treatment/disposal)

(continued)

3. In the table below, list the type of liner material (e.g., excavated soil, compacted clay, flexible membrane, composite, soil/bentonite, concrete, or alternative) to be installed or currently in use. List the thickness (in inches, feet, or mils) and permeability rate (in inches/hour or centimeters/second) of each liner as proposed or as built. Also list the type of soil (series name and USDA texture) underlying the impoundment. Continue on separate sheets if necessary.

<table>
<thead>
<tr>
<th>a. ID NO.</th>
<th>b. LINER TYPE</th>
<th>c. THICKNESS (units)</th>
<th>d. PERMEABILITY (units)</th>
<th>e. SOIL TYPE</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>(1) SERIES NAME</td>
</tr>
</tbody>
</table>

4. For each impoundment, list the actual or engineering estimate of the volume of sludge generated annually. Indicate whether the sludge will be periodically removed from the impoundment (give frequency of removal and how sludge will be disposed) or will accumulate in the impoundment as a site of final disposal. Also indicate whether you possess analytical data on the sludge generated in each impoundment. Continue on separate sheets if necessary.

5. Describe the treatment purpose of each cell or impoundment (e.g., settling, oil/water separation, aeration, evaporation, or final disposal). List any chemicals and equipment used for each treatment method. Continue on separate sheets if necessary.

<table>
<thead>
<tr>
<th>a. ID NO.</th>
<th>b. TREATMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) DESCRIPTION</td>
<td>(2) CHEMICALS/EQUIPMENT</td>
</tr>
</tbody>
</table>

### S. GROUNDWATER INFORMATION (Applies only to applicants that use lagoons for treatment/disposal)

1. For each surface impoundment, list the depth to groundwater, the direction of groundwater flow, and the legal description of each well used to determine groundwater information. Continue on additional sheets if necessary.

<table>
<thead>
<tr>
<th>1. ID NO.</th>
<th>2. DEPTH TO WATER (feet)</th>
<th>3. DIRECTION OF FLOW</th>
<th>4. LEGAL DESCRIPTION OF WELL</th>
</tr>
</thead>
</table>

2. For each monitoring and drinking water (public and private) well, attach the well log or drillers log, if available. Well logs may be obtained from the Oklahoma Water Resources Board (OWRB). If no water wells are found within ½ mile, attach a copy of the OWRB letter indicating no wells were found in their records search.

### T. SANITARY WASTEWATER DISPOSAL (Applies to all applicants)

1. In the table below, list the estimated volume of sanitary wastewater and the method of sanitary wastewater disposal.

<table>
<thead>
<tr>
<th>a. VOLUME OF SANITARY WASTEWATER</th>
<th>b. METHOD OF SANITARY WASTEWATER DISPOSAL</th>
</tr>
</thead>
</table>

### U. OTHER DISPOSAL METHODS (Applies to all applicants)

Briefly describe any other methods of waste disposal used by your facility which have not been previously covered. Examples include disposal wells, septic tanks (with or without leach fields), aboveground or underground storage tanks, and waste hauling. Include information on the nature and volume of wastes disposed of by each of these other methods. Continue on additional sheets if necessary.

### V. DEQ LANDOWNER NOTIFICATION AFFIDAVIT (Applies to all applicants)

1. Does applicant own all land submit to the application: YES ☐ NO ☐

   If yes, proceed to Section W. If no, proceed to Part 2 of this section.

2. Application(s) for which the applicant does not own all the land subject to the application must notify the owner(s) of leases and/or pipeline right-of-ways that a permit application has been submitted to the DEQ. The basis for this requirement is OAC 252:004-7-13(b). DEQ Form 100-810 shall be used for this purpose and is available on the DEQ web page.

### W. CERTIFICATION (Applies to all applicants)

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and true belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
